

## **WELCOMING ADDRESS DEAN FACULTY OF MECHANICAL AND MANUFACTURING ENGINEERING**

Assalamualaikum warahmatullahi wabarakatuh and good day.

On this opportunity, I would like to welcome and congratulate new student for being selected to study in this faculty. Faculty of Mechanical and Manufacturing Engineering or FKMP was established in the month of May, 2004 and has been expanding in term of capacity in teaching and research. The faculty will provide great opportunities for you to learn, gain knowledge and skill in Mechanical Engineering and build up a successful career in this field in the future.

Based on the mission of the university, to produce and train professionals and technologist who are competent, ethical and knowledgeable, you will be taught and guided by professionals and capable lecturers. FKMP through its programme offers core Mechanical and Manufacturing engineering subjects that are essential to the profession and also offer specific skills that are focus toward areas like mechanics, material, design, production, plant and automotive engineering. Recently we have added aeronautical engineering as part of our programmes. To reinforce the learning processes the faculty is also equipped with laboratories and workshops with the latest technology and appropriate equipment. Trained and experienced technicians will assist and guide student in their workshop practices. Part of the program is also industrial training and this will expose student to real industrial environment and experience.

Therefore, you will have a lot of opportunities, to acquire knowledge and experience in learning various programmes in Mechanical and Manufacturing Engineering in this faculty. UTHM possessed excellent infrastructure and modern facilities couple with excellent teaching and learning system that are balanced between theory and practical. Therefore you should work very hard to achieve your ambition and contribute towards the growth of Malaysia. Your future success is our utmost wish.

Thank you.

**Prof. Dr. Sulaiman bin Hj. Hasan**

Dean

Faculty of Mechanical and Manufacturing Engineering
